

Kid's Summer Fun

Shark Week Crafts!

Craft #1 Shark Visor

Materials Needed:

- Craft foam or cardstock
- Hole puncher
- Scissors
- Pencil
- Elastic cord or yarn
- Hot glue gun
- Googly eyes or black sharpie

Shark Visor Instructions

1. Trace and cut out your visor shape and shark fin on your craft foam.

2. Cut a small slit in middle section of visor where the shark's fin will go.
(see picture).

3. Cut another small slit on the shark's fin you cut out of foam and slide the shark fin into the slit on the visor.

4. With your white foam sheet, draw and cut out your shark's teeth and eyes.

5. With a hot glue gun, glue on your teeth to the underside of your visor.

6. Glue on the eyes and fin.

7. Using your hole puncher, punch holes on both sides of visor. Insert and tie on elastic cord or string, adjusting to size.

Show your shark spirit all summer long! :)

A necklace made of white shark teeth on a teal background. The teeth are arranged in a chain, with some showing a hole for a string. The background is a solid teal color.

Craft #2

Shark Tooth Necklace

Materials needed:

- **White foam sheet, or cardstock**
- **Black yarn (or any color you like!)**
- **Scissors**
- **Pencil**
- **Hole puncher**

1. Draw and cut out shark teeth on white foam or cardstock.
2. Make teeth large enough to punch 2 holes at the top.

Shark teeth come in all sorts of sizes, so you can't mess up :)

3. Punch 2 holes at the base of each tooth. (Not the pointy side).
4. String each tooth onto your yarn and tie the ends together!

Craft #3

Shark Pop!

Materials needed for shark:

- Marshmallow
- Blue frosting
- Cake pop stick
- Edible writer
- Candy eyes

Materials for fin:

- Blue paper
- Scissors
- Glue stick

1. Push marshmallow onto stick.
2. Frost top and side with blue frosting.
3. Place on eyes, and draw teeth with edible writer.

For fin:

1. Trace and cut out fin shape with blue paper
2. Fold around stick, and glue together.

ENJOY!!!
