

Toddler Time!: How to Make A Giraffe Finger Puppet

Supplies:

- Yellow and brown cardstock paper
- Cream colored cardstock paper (we used a manila folder)
- 3/4-inch circle punch
- Brown paint
- Small googly eyes
- Brown yarn
- Markers
- Hole punch
- Scissors
- Glue

Toddler Time!: How to Make A Giraffe Finger Puppet

Directions:

- Cut out the following shapes from yellow cardstock paper: a 2 1/2-inch circle, a 3 to 3 1/2 inch circle, a rectangle for a giraffe neck and 2 ears. If you would prefer to simply print and cut these shapes out of a printable template, then go to [this website](#).
- Using cream colored cardstock, cut out a snout and horns.
- Take the 3/4-inch hole punch and punch two circles in the bottom of the larger yellow circle. T
- Next, glue the yellow rectangle giraffe neck onto the large circle. Glue the smaller circle on top of the rectangle neck. That becomes the giraffe head. Last, glue on your snout, ears, horns and googly eyes.

Toddler Time!: How to Make A Giraffe Finger Puppet

Directions:

- Punch out two brown holes with the hole punch and glue them onto the snout. Cut off a few small pieces of brown yarn and glue them on top of the giraffe's head. Use markers to draw a mouth on your giraffe.
- Pour a small amount of brown paint onto a paper plate. Dip your finger into the paint and use it to make fingerprints all over your giraffe, making the giraffe spots.
- Play with your giraffe!
