

Toddler Time! - How to Make a Puffy Paint Starfish

To make a Puffy Paint Starfish,
you will need:

- cardboard
- shaving cream
- white glue
- acrylic paint (any color)
- paper bowls
- plastic spoon
- paint brush
- scissors
- Barilla Pastina Pasta (optional)

Toddler Time! - How to Make a Puffy Paint Starfish

Instructions:

- Cut a starfish shape out of cardboard.
- To make your puffy paint, mix equal parts of shaving cream and school glue. I used a 1/4 cup of each. Add in a squirt of acrylic paint and stir it until the color is mixed through.
- Paint a thick layer of the puffy paint onto your cardboard starfish. While it is still wet, sprinkle the Pastina Pasta (optional) all over the starfish. Let it dry completely.
