ObjectID	What is your favorite thing about the Eagle Public Library?	What could be improved?
19	The amazing staff and the wide variety and uniqueness of items that they have!	It would be nice to see a remodeled and larger building.
20	The kids classes	Nothing. Marketing and programs are excellent
21	The staff!!!	A clearer new books section
22	The books! It's also clean and quiet.	I need to get there more often to answer this question fairly.
23	Great place to get reading material, the sharing of books from other libraries.	Larger kids area. Bring back kids carts
24	Placing books on hold and picking them up.	I wish there was at least one program per month for senior members of our Eagle Community. My husband and I drove all the way to Victory and Five Mile to attend the wonderful programs offered at the Ada Community Library.
25	Great kid activities	Classes need to meet inside
26		
27	Location, curb side pick up, wonderful staff	More books on site, some new popular books can have a wait of months. Please fix the drive thru drop-off pavement next to the bins. There's a huge puddle after a rain, also very icy in winter
28	Libby; holds feature; hobby check out resources;	Higher limit on holds; ease to log in by remembering log in, password;
29	Curbside pickup	
30	Convenience	Available books online
31		
32	Ability to get any book or dvd available in the Treasure Valley library system.	
33	Access to reading material for myself and my kids	Summer reading program prizes. Doesn't need to be anything grand, but no more little trinkets please ☹️. Maybe just an end of summer ice cream party for those who make their goal? Or a coupon for a treat?
34	Selection	Longer hours
35	The staff is so amazing and helpful. You are always getting in new books!!	More ebooks
36	The great summer programs they put on for kids	I would love to see additional space (particularly meeting rooms) to potentially serve for group meets to increase access to community spaces and have some privacy while doing so
37	The variety of non books and activities	
38	Programs for the kids.	Having Some of the classes indoors when it is so hot outside or cold outside.
39	Helpful, friendly staff	Hard to tell where the front desk is
40	I love how helpful the staff are and that I am able to place holds and am able to pick them up with total convenience.	I think the emails for when your holds arrive could be more frequent. For me they are on and off.
41	The staff are very friendly and helpful	Don't purge books to soon. Not all new books are worth keeping and getting rid of classics.
42	Convenience, ease of using	It's quite noisy
43	Wide selection of books for children and adults. I particularly like the new children's books with characters from diverse backgrounds. This is a critical part of my children's education. (And the interlibrary loan is great.)	Nothing. I just hope that libraries in Idaho will continue to have the freedom to select their books.
44	Classes	More classes
45	Location	Larger selection
46	the wide variety of materials available	larger space with separate areas for programing
47	The way it used to be when there were activities INDOORS for children and teens.	It does not have enough classics. Too many woke books that are attempting to groom children.
48	My kids can use the resources	Better librarians, homeschool programs, better kids content
49	The proximity to my home.	A bigger book section for kids.
50	That Eagle library reopened after a long shot down and eventually stopped requiring masks!	Remove gender confusing propaganda in the children's section.
51	Before Covid we loved going to the library. We knew he librarians and enjoyed engaging with them . We participated in classes for kids and enjoyed hanging out with the special building section they changed each week.	I'd love to see some homeschool classes. We love the games abs would like games to be put on hold at Eagle library for pick up. We miss activities like the magic show abs birds of prey that came to the library.

52		Get rid of the inappropriate books for children. Focus again on family values.
53	There are so many programs, classes and items to check out, such as, puzzles, video games, metal detector etc..	
54	Friendly staff	
55	All the materials available!	
56	Kids book section	Lots of adult fiction is always checked out
57	The helpful librarians.	
58	The ease of finding books, website is excellent, curbside is fantastic.	The summer program for kids was confusing. And very difficult for teens, with the requirement that they come into the library often (not always possible!)
59	It is the closest library to me.	More events; chess club for kids, drop in science classes, 3-D printer
60	Music class, art projects	Better classes for teens. Guest speakers/more activities in the summer.
61	Friendly, we love the children's section, story time,	Maybe a nice outdoor space to read, study. Covered, possibly a small pond?
62	People	Can't think of anything!
63	It was that it was cozy but now it feels sterile. I don't like to visit as much. I like the toys for the kids and seething and books.	Get rid of the sexual books in the kid section. I can't take my kids. "Sex is a funny word" should be in the adult section. Bring back comfortable seating.
64	Consortium	Please start having the classes inside again
65	It's hard to pinpoint one thing because there is so many great things about our library! We love the selection of materials, from the puzzles to the books, and games, we love the helpful staff, and the amazing kids activities.	More puzzles and books seem to be added frequently so we are happy campers and can't think of anything that could use improvement.
66	Availability	
67	I used to like the magazines for sale up front.	Get rid of the desk behind the plexiglass and go back to the friendly counter and desk and put the magazine chairs in front back.
68	Close to our house and crafts for the kids	Inside craft time for kids especially in winter
69	Materials, staff, classes, Ida	Restart Adult classes

74	Large variety of non-book options; ability to get items from other libraries	More work space
75	Catalog and friendliness of staff	Wider selection of eBooks
76		
77	The inside of the building (floors, furniture) looks great...clean. If not that, online services are good.	Though the inside is clean, it looks sterile...look, but don't touch, don't stay too long. No place to sit, interact etc.
78	Events	CDs
79	Curbside pickup	More kids classes. Friendlier library staff (except Ms. Ann, she is nice).
80	Beautiful space and variety of games, kids materials, memory care section	Sometimes it feels a little impersonal not getting to interact with staff
81	Love all the resources and programs	Please bring back a comfortable place for adults to sit in the kids area. There used to be couches, but now there's no comfortable place for an adult to sit while their kids browse books. Thank you!
82	friendly employees. good range of books. board games	teen classes are on a bad day of the week. most kids have church on wednesday nights. please switch it.
83	Books, Recommendations, Alternative items (Crochet hooks, Puzzles and Games, Etc...)	Replacement of lost books in series, New books in a wider variety of categories
84	layout, people, cleanliness	
85	Electronic resources and ease of use on the apps (I will miss Overdrive when it is phased out)	More books, ebooks, and audiobooks! :) And Libby; I'm not sold, yet.
86		
87	The staff and classes.	NA
88	It's location in downtown Eagle.	The interior of the library is stark, boring, and depressing. What happened to the comfy chairs for reading? Where are there any cozy reading nooks or meeting areas? Who chose the "modern" furniture that looks like it belongs in an office building? YUCK!

89	Convenient.	I like it the way it is.
90	I can borrow books without buying them from the book store, therefore saving me literally thousands of dollars.	Expand the range of books/genres offered
91	I love all the content available for my littles and love the reading and music time classes.	I would love to see classes move back indoors on rainy, snowy, or cold days.
92	The Library is close to my house. I love the interlibrary loan option.	Employees could be more professional. Book drop at the building would be good.
93	The amount of different types of things to be able to check out i.e instruments, dehydrator, fishing poles, yard games, crafting, ect.	
94		
95	the variety of things to check out. In years past I loved the children's programming but no longer have children in the age range.

100	I like how the children's books are arranged at a kid-friendly level.	I wish they had a wider selection of children's books.

102	Clean, friendly people	All is good
103	Access to other libraries material	
104	Open every day!!	Better explanations on your calendar, like what or who can come to the knitting activity, Ask people to turn in the year-long reading challenge workbook, not just report that they finished it (Hold us accountable!). Local art displayed and rotated.
105	Variety of materials- books, puzzles, music, movies, etc	Bring back the ability to donate books and ouzzles
106	I love the open feel of the library now. When we first moved here back in 2004 the library was very dark and so crammed full of stuff it wasn't very inviting. I love the new lights installed, it makes it brighter.	It would be awesome to see the back patio improved with comfortable seating and maybe a bigger patio area. It would be really nice to remodel the library to give it more space for staff and items out on the floor as well.
107	The kind people and all of the awesome things you can check out besides books!	Having the kids classes INSIDE in the winter months
108	So many things to check out, classes, books!	Bring back youth corner
109	placing a hold and then picking it up outside under the tent. LOVE this feature!	having the ability to have a Boise library card instead of Eagle because if I place a hold on a Boise book I get bumped in the queue if a Boise patron requests it.
110	The breadth of items they offer, being a community lender.	More books, maybe more classes for adults?
111	Wide accession list in books, etc as well as other fun and useful resources...ie. dehydrators.	dehydrator we'll be able to safely get back to comfy seating again.
112	Books and childrens activities	No renewals or only a week Check out time on childrens holiday books.
113	My favorite thing about EPL is the ability to check out a kindle.	I think the artwork definitely needs to be improved.
114	Fantastic collections	Space
115	Everything	Nothing I can think of
116	The books, access to computers, and the friendly and helpful staff.	I love our library as it is!
117	Well organized and easy checkout system.	Having more than one librarian available would help.
118	Board game collection	More tables and chairs
119	Location, parking, access to other library collections	More in person. Too high a reliance on tech
120	The books!!! And the assortment of other items like puzzles and games.	I love the eagle public library. I like the selection and the librarians are willing to help.
121

129	It's close to my house	There are no comfortable chairs, this library is extremely uninviting and sterile
130	I appreciate the variety of materials - books, puzzles, DVDs, games	
131		The website! It needs to work on a phone. It needs to be easier to use while being thorough! The online 'readers' (like Libby) need to be explained....
132	The kids programs are excellent	Nope

137	The availability of misc. items to check out.	Classes and gathering descriptions need more info.
138	Proximity to my home	More books
139	Board games!	I don't like all the sections the children's books are divided into. It makes it very difficult to browse for a specific author.
140	Clean,close many options..	
141	Ease of use	Have board members who represent all Idahoans, not just the far right, and adamantly support free speech.
142

152	Variety of materials	More pre teen aged books.
153	Interesting classes	
154		
155	Ability to reserve online	Nothing I can think of
156	It's a valuable community resource. I have access to information, a place to work when my home Internet connection is not cooperating, and entertainment without cluttering my home with more and more books/movies/magazines that will only ever be used once.	I liked having the 3D printer there. Not sure if that's still available. Tool lending would be pretty great.
157		
158	Ease of use with the curbside pickup. Love the variety of items offered.

164	Welcoming atmosphere	
165	Children' books and activities	Remove propaganda

166	It's walking distance from my home, requests!, beautiful facility	Friendliness. EPL is the least approachable library I've been to. There's no friendly staff @ a circulation desk. It's primarily automated & feels cold. It's hard to find an employee when I have a question. Libraries are the heart of a community.

182	The resources - literary and otherwise - offered, and the friendliness of the staff	Not much I can think of
183	Story time	
184	It is close to my house	there could be a map where all the books are right when you walk in the door

ObjectID	How Interested are you in maintaining or expanding the following services?				Is there anything else you'd like to tell us about our Eagle Public Library facilities?
	Curbside Pickup	Doorstep Delivery	Makerspace or space to create physical items (for example, 3D printing)	A space to create digital content (for example, podcasts, photos, videos)	
19	1	1	3	3	Love the open feel you have created even though you are limited on space and love all the unique and fun classes you provide as well as the awesome selection of puzzles and board games.
20	3	3	1	1	So pleased with the staff and programs offered
21	5	1	5	5	
22	3	5	5	3	
23	2	5	3	4	Great little library with great staff. My toddler loves the Vox audio talking books when his parents can't read to him like in the car or when busy.
24	3	3	3	2	It's not as warm and welcoming as it used to be, despite the staff obviously being coached to cheerfully, verbally greet every person who walks in and wish him/her a nice day when exiting. (Sorry, that has fake feeling to me, not genuine.) Too much empty space, hard furniture, cold colors. I sometimes feel my tax dollars are being wasted on frivolous purchases, and I often have to wait a long time for a popular book from another library's collection because Eagle is too often the only library that doesn't own a copy.

28	5	1	1	2	All the staff and facilities are great. I am very happy using a small slice of your services, but aware that others may want more. Honoring the needs in our community are important to me, even if I don't need them.

35	1	1	1	1	You guys are doing a great job. If the mobile library doesn't work, then expand your current facility.
36	2	2	1	1	I really love your facility, and have only had great experiences interacting with your staff. Thank you for providing exceptional services, and I'm hoping that expanding this location may help others to see/experience everything this library has to offer!

43	1	3	5	3	The library is relatively small, but the collection in Eagle is still impressive and the ability to reserve books through interlibrary loan is extremely valuable. I would love to see the library continue to serve as a space for networking and community-building. I don't think this necessarily needs to be high-tech, though. Ultimately, I would prefer for library resources to be spent on books and literacy support.

45	1	3	5	5	
46	1	3	1	1	

47	5	5	5	5	The library should be a safe place for children but with the woke and highly sexual material available and promoted to groom children and teens as well as the Marxist books for kids it is not a place my friends with children feel safe allowing thier children to go unsupervised. There needs to be some major changes made. Why the masks? That makes zero sense and appears to be mandated for all employees. How sad. Thnakfully you're not taking our temperature, forcing masks and quarantining books anymore. Let's return to the library where families could go and enjoy themselves. All classes should be indoors and chairs need to be put in place for people to read, knit, play games and relax while children browse for books.
48	4	1	2	1	I've looked for some historical children's books and not been able to find them (September 11, for one)... I've also come across children's books with subtle political content like BLM and LGBT that isn't appropriate for young children
49	3	3	3	3	I love the facility! I think it needs to have a bigger section for kids books.
50	5	5	1	5	
51	1	3	1		I think I added lots I. Segments above not knowing this spot was available. I miss the consistency and friendliness of the librarians in the days before Covid. We love the games and so appreciate them. I'd love to be able to put games on hold for pick up at Eagle library. I end up instead doing this and having them sent to Star for pick up. Id love to see a homeschool program. Eagle has a large number of homeschoolers abs it would be. I've to have a platform to build a community with library programs. We also miss the 3D printers abs main project room. We loved the star gazing and the librarians did an excellent job sharing stories. I'd love to see more classic books and historical fiction. Times of old. Picture book biographies in the library for elementary age kids.
52	5	5	5	5	You have great facilities! Stop the woke agenda that you are pushing on our kids!
53	1	3	4	5	
54	5	5	3	3	No
55	4	3	1	1	It would be great to see Yoto Cards in the future!
56	3	1	1	3	
57	1	4	4	1	The bathrooms get a little spicy during community events. I'm sure you do all you can to keep them tidy, and with the large groups, I know it's challenge.
58	1	5	4	4	
59	1	5	1	1	
60	1	4	2	3	An outdoor place, a saltwater fish tank, more hands on activities, science classes, etc... We love the chick hatching.
61	1	2	1	2	
62	1	1	4	4	
63	5	5	1	2	Return to the old fashioned library it once was. Wholesome books, comfortable seating, toys for the young kids, family friendly activities for kids and NO WOKE crap. The library must stay out of the culture war. Stick to fun and facts lest you divide our community.
64	2	5	3	3	Would love to utilize your meeting space again! Also, please move your kids programs back inside.
65	1	3	1	1	Keep up the great work!
66	5	5	2	2	
67	5	5	3	3	People come to the library who don't live right in Eagle, I live nearby. I could not do the summer reading program because I did not have an Eagle address. Yet I buy books from your sale and used to belong to Friend of Eagle library. I even put the magnetic strips in the spines of books and helped you move from old tiny library.

73	5	5	3	3	I think that the Eagle Public Library does a great job with continually improving their facility. The staff is always friendly, there are always new items being purchased for check-out and many classes to choose from. I think that the Eagle Public Library is one of the best, if not the best, in the valley.
74	2	2	4	3	
75	5	5	2	2	- Would like the book group to transition back to in-person
76	1	1	5	5	
77	4	3	2	3	If funding is obtained, expand the children's room. Use the building you have to bring programs/classes inside again. Remodel the public restrooms (if it hasn't already been done). Now that the City Hall has been expanded, is the parking lot big enough for both places?
78	4	3	3	2	Love the library, staff is friendly, great place all around.
79	1	5	5	5	More tween books are needed like graphic novels.
80	5	3	4	3	Would love to see a homeschool day once a week or once a month during the school year with projects and learning geared to elementary and middle school ages. The number of homeschoolers is really growing and would love to see the library celebrate this part of our community. Thanks! We appreciate all you do!
81	2	2	3	2	
82	5	5	3	5	pre covid, you organized a dungeons and dragons game. it was very well attended by so many teens. please coordinate more "game times" similar to that. maybe different games..... risk. settlers of catan, etc.
83	2	3	3	2	Though I'm happy to see the library be able to make as many improvements as it has, I feel like some of the interior design changes made it feel more modern, but less comforting/welcoming. I feel less inclined to sit down and read there than I used to.
84	4	1	4	3	
85	1	3	1	1	My family & I love our library! The EPL staff is kind, knowledgeable, & helpful. If anything, there are times when I am looking for a book/audiobook that isn't available in the LYNX system (not just the EPL). I appreciate that when this happens, there's the option to "recommend" it. Or, there aren't enough copies & the wait time is in excess of 6 weeks (I waited for 18+ weeks to listen to Brené Brown's Atlas of the Heart). BUT I super appreciate the library having these resources in addition to so many more types of resources that I am still learning are available (fishing poles! musical instruments! dehydrators! etc.). While I haven't used the 3D printer, I am now intrigued by the creative possibilities available after reading through some of these options in the survey. My kids wanted to try the 3D printer, but I was too intimidated to figure it out. I'm going to do my best to get over that and see what it's about...& look into the digital content creation mentioned.
86	5	5	3	2	
87	5	5	1	3	
88	1	3	3	3	I have heard that perfectly good books and unused supplies are often just tossed in the garbage when the library no longer wants stuff...? Is this true? If so, this is horrible. Our library should be a leader in supporting reduce, reuse, recycle. There is never a reason to trash useable items, and it should be part of our library's primary objective to ensure that they set a good example for the public and actively seek ways to promote actions that are earth friendly. Also, the current head of the library appears to have some personal issues with a particular volunteer group and he is reluctant to work with them and allow them the resources they need. He has alienated so many wonderful former employees and would-be volunteers. Enough! The library belongs to the people of Eagle, not to the guy currently in charge. He answers TO THE BOARD, not the other way around. I'd like to see the Board take more responsibility for what goes on at our library.
89	1	5	5	3	The staff is very friendly and helpful.
90	1	1	3	3	

91	3	5	3	3	I would really love more classes offered indoors like they used to be. It made for more opportunities for children and families to socialize and connect a s a community.
92	1	2	2	5	
93	3	4	1	2	
94	1	2	5	5	The staff is accommodating and pleasant.
95	2	2	4	4	
96	1	1	3	3	We LOVE the library. My kids have read mountains of books from the library and love to go back. You kept us afloat in covid shut downs with curbside book pick up. The puzzles and games are perfect family activities. The selection of vox /audio children's books is life changing. I truly can't say enough.

104	4	1	3	2	We rely on audiobook streaming so increasing what is available is helpful. I love the hours and that it is 7 days a week and in the evenings. Love the items available for checkout. The yarnballer was a wonderful surprise!! Have talks on senior health topics such as the many faces of dementia, family caregiver resources. Have you thought about a "senior story time" either storytelling for those with memory impairment or partnering with children's story time?
105	1	3	3	5	Reinstate the ability for patrons to donate materials, even if there needs to be some restrictions. At a minimum make information available about which libraries accept donations.
106	1	1	1	1	I appreciate all the changes that have happened in the library since the new director took over in 2012 (I think?). It is not easy to create change when so many people aren't on board, but through those changes the library is one of the most unique and admired libraries in the Treasure Valley. Our little library has so many items and the staff works so hard to make every one who comes in the door feel welcome and they are willing to help however they can! I love the board game collection, the children's toys and board games are amazing, they always have the latest and greatest books...why buy on Amazon when you can go to our library? The classes are unique and fun! This library deserves to be around for years to come and I would love to see it updated on the outside to match some of the updates made on the inside. The City of Eagle deserves an updated library.
107	4	4	1	3	
108	4	3	2	2	We love our library!
109	1	2	5	4	Love the library and all the features. Excellent service at start of pandemic. Was able to still place and receive my holds which was very important. And lets give credit to all the great staff! Have never been crazy about the location of the library. It is so far out of the way and you can't go on a Saturday because getting down old State by the farmers market is next to impossible with all the people and traffic. The parking also became an issue once town hall was doing all their projects. Too many handicapped spots sit empty while all the regular spots are full. It's not the right balance!
110	5	5	2	2	There are not very many quiet places in the library to sit and read.
111	1	3	1	1	I adore our library...it's a wonderful community "center" as well. I subscribe to the North Folkschool bulletin out of the UP Michigan. I dream about a way to have some sort of thing here where traditional skills and crafts are preserved and taught. Judy Johnson.
112	5	5	5	5	
113	5	1	1	1	This library needs rotating art work as you walk into the library (to the left). I also find it odd they do not offer computer classes.
114	4	3	2	2	

115	5	2	2	2	
116	1	1	1	1	Thank you for all your services!
117	2	2	3	4	The children's section could really use more comfortable and welcoming kid appropriate furniture & a place for toddlers to play apart from older kids.
118	4	3	3	2	
119	4	5	4	4	No need to spend \$ on an additional branch. There is great flexibility with a bookmobile. Perhaps expand existing space as 2nd option. Note, the technology in this survey did not allow for put my choices in this order
120	1	2	3	4	I like the remodel that was done that opens up the library when you enter. I also like the used books for sale. My daughter really enjoys going to the library.
121	3	3	2	2	Could have more reading nooks if it's expanded. I also like the small section of books for sale at a reduced price. This area could also be expanded. I've bought several cook books over the years
122	1	1	1	1	
123	1	1	1	4	The delivery option should expand to the neighborhoods across Chinden like Bristol Heights and Hobbie Creek since it is the nearest library available.

130	3	1	3	3	Doorstep Delivery is great!
131	5	5	1	3	I don't like the new cold look. More programs/classes for adults are needed.
132	4	1	1	1	
133	1	1	3	4	It is very well kept, clean and inviting. The advance check in and out system is wonderful. Staff is always well informed and helpful. The low bookshelving in kids area is helpful to keep an eye on children while letting them explore. The wall of hobby items is wonderful and love to seed display in spring.
134	5	5	3	5	
135	5	5	5	5	Many of the books are dirty
136	1	1	3	2	I think y'all do a great job.
137	2	3	5	3	
138	3	3	3	3	Do not tax Eagle residents to expand current library
139	1	1	1	1	There is a section for "new additions" for YA books. The same could be done for children's books.
140	3	2	4	4	
141	1	1	5	5	I'm furious about the new unanimous board position appointment. His views run counter to everything a free public library should be.

147	5	5	4	4	Our library does an excellent job serving the community. I was incredibly impressed by how they were able to adapt during the pandemic to safely continue to serve the community.
148	5	5	4	3	The library is always clean and organized.
149	4	5	5	5	
150	5	5	2	1	We appreciate the incredibly valuable service you provide to our community. We understand it is a very difficult time to be in your role. You have our full support. Thank you for helping keep books and information accessible to everyone.

157	1	4	3	2	It used to be a comfortable place to sit and brose through materials, but now the area is very uncomfortable. I used to enjoy the books for sale when you first walked in on the left. They were organized as to topic. Now that space is gone.
158	1	2	3	2	
159	5	3	3	3	
160	3	3	1	1	I appreciate the book sales. Also the pivot during Covid to curbside pickup. Thank you.

162	1	5	4	4	inside space feels very utilitarian - make more inviting lay out and seating areas
163	1	1	3	4	We love our little local library!
164	1	3	4	5	Love all your unique items to borrow
165	5	5	4	5	
166	5	1	5	3	As a teen advocate, I would love for the library to have more teen programs. Libraries are a wonderful place for teenagers to hang out and both use the facility and have access to friendly and compassionate adults. A library should be a place of great mental and social fertility. When I enter the library it is beautiful and well cared for and yet it feels sterile and unwelcoming. Please reconsider bringing back a human populated circulation desk. Thanks for offering this survey.

171	5	2	3	3	What strings might be attached to these funding sources for library expansion? That is a question that needs to be answered, actively publicized, and feedback from taxpayers needs to be solicited prior to making any kind of agreement for funding. This should be standard policy for any kind of financial agreements.
172	5	3	4	4	
173	1	2	3	3	I miss the interaction of the numerous "librarians" of the past. From the time things went more automated and we lost some familiar faces to the pandemic and social distancing, it has been a loss.
174	1	1	3	2	I really count on the library. I love what y'all do!
175	1	1	3	3	There are many books we would like to read but the library doesn't carry them. Expand your selection.
176	5	5	4	4	Why spend more money on another building? A bookmobile and on-line access should cover needs
177	3	1	4	5	
178	4	5	5	4	
179	2	3	2	3	My hope is that the Eagle library remains a place where one can find a variety of books that are readily accessible and that content is NOT censored. World views, religion and viewpoints of some, should not be imposed on all. If parents are worried about what their child is reading, it is their job to monitor. I can't really answer whether the current collection reflects the community's needs, as I do not know the collection well enough.

194	1	3	4	3	
195	1	4	4	4	Employees of the Eagle Public Library are very pleasant to interact with and very helpful.
196	5	5	5	5	Keep the library as traditional as possible. No progressive agenda. Access to books and classics.
197	1	3	4	4	First time using the Eagle Public Library was a couple years ago. Love the curbside pickup feature and the huge selection of quality books that the Eagle Library provides. In my few interactions with library staff, they have been very responsive, helpful and a pleasure to encounter. Thank you and keep up the good work.
198	4	5	4	4	
199	2	3	5	4	
200	1	3	5	3	the physical interior feels cold and sterile with not enough materials or staff to offset the effect
201	1	3	2	5	The current seating options do not feel as inviting as they could be (especially the modern-looking chair seating; I think they only have one armrest even). It would be nice to have larger/comfy chairs (like at a coffee shop). Teen/tween seating area would also be nice when they are too big for the children's section!
202	1	1	5	5	
203	2	1	1	4	
204	1	1	4	2	
205	1	1	4	1	I also like to purchase books.
206	4	5	5	5	I know the library and the freedom to read is being threatened. Know that I SO support you and don't want extremists banning books or determining what is available to the public. You are wonderful and valuable!

209	5	4	2	2	
210	1	1	5	3	More &/or quicker & longer access to mobile hot spots would really help (Verizon WiFi still not avail in my neighborhood.) Thank u to all existing awesome staff. More adult health services might be nice (like showcasing books/videos on stretching, or yoga classes like dwntwn Boise library does.) . Let's keep library a positive, open to all, quiet space focused on uplifting all, not just the rich that rush in & out. The library was huge draw for me when I moved here in 2015 & so thankful for it & great staff. Oh occasional faxing would be helpful. (Health issues prevent me fr having hm office, so I rely on library for occasional print & copy of docs.)
211	5	5	1	3	
212	3	3	3	2	
213	5	5	3	3	It would be nice to have an open house from time to time to learn everything the library has to offer. I read a lot but I barely understand the Dewy Decimal system. I've heard that I can bring my iPad in and check out books on it but Idk how. I believe the library is a great place to offer community type education, particularly for seniors who have been out of the workplace and don't know what we don't know.
214	4	5	3	5	
215	5	5	5	5	Online access to audiobooks and newspapers is very welcome. Self checkout is easy and convenient. I appreciate the ability to donate books anytime via the donation bin. Again, the staff is wonderful.
216	2	5	2	5	I don't see that the current library needs to expand, we just need to be allowed to use the spaces that already exist. They have been renovated and improved and are just sitting useless because of an unrealistic fear of Covid. If an employee is scared of Covid why do they work in the library where so many people come and go?
217					
218	5	5	1	3	It's a favorite place for my family. We visit weekly! Friendly and helpful staff. Parent classes would be nice to help parents help teach kids to read and encourage a love for reading. We

219	4	3	1	1	Please don't ever censor books
220	5	1	2	5	We love the library.
221	3	2	3	3	I feel the interior spaces need serious revamping, be made more welcoming, warmer, cozier, more colorful. As it is now, I never consider spending time there. We could use an in person book club sponsored by the library. It does have good children's programs
222	5	4	1	1	Stick to the basics. I like being able to access real books and audio books. Curbside pick up is very handy. I've not used the home delivery option. I still like physically going into the library to browse books occasionally.
223	5	1	5	5	<p>I would like our library to maintain its traditional aesthetic, purpose, function and intention of being a book resource, emphasizing a quiet space to read, while fostering the art of research.</p> <p>I am a gamer and social media user, but I really don't want our libraries turned into social media centers.</p> <p>The library system was invaluable in raising my three children, with reading time, craft sessions and the exploration of books. They learned how to use the Dewey Decimal system, and computer catalog. They learned to appreciate and respect this public reading space through rules such as using their quiet library voices, and the no running rule. These are valuable lessons for young people.</p> <p>Finally, I have really enjoyed many of the adult classes (from crafts to technical), and of course, the book sales!</p> <p>I would like to thank everyone who runs and maintains our wonderful library! It is such an important refuge and resource for our community.</p>

230					The librarians that do the children's storytime and music time are AMAZING.
231	1	3	4	4	It could use a bit more space to handle our growing communities needs for now and the future. Let's not be shortsighted in planning ahead.

233	4	4	4	4	The librarians are all amazing and so welcoming. Especially the women leading the children's craft projects

263	3	5	4	4	Don't need another branch — too expensive. A bookmobile 2-3 times a week would be nice. Interface with school libraries Could do a better job with programs and classes Could do a better job communicating with Eagle Residents. Did everyone with a library card get this survey? Never saw it on Nextdoor. Do you have a user advisory group for new ideas or to work as outreach to residents? Thanks, i use the library regularly but my book club members use it only occasionally. I wonder why. They never got the survey yet have a library card

85	I toggled back and forth on the above question to see how the options change. I do enjoy the EPL as is. In trying to come up with anything that could make it more enjoyable, all I can think of is more comfortable places to sit if I am going to read a bit to myself or with one of my kids, but we rarely stay to do that. As far as particular materials or resources or programs, nothing is coming to mind as I am sitting here with this survey up, but I may submit another survey if something occurs to me later. 106	As mentioned before, I would love to see the outside patio expanded or updated. It would be nice to have more seating through out the library but there isn't a lot of room to do that. That is why we need a new or remodeled library to meet the needs of our growing community. The staff at the Eagle Public Library have worked for years with very crowded conditions and they continue to make the best of it even though it isn't easy. The library provides so many wonderful items, classes and customer service, I want to make sure the library is around for my grandchildren and their children as well! ObjectID	What would make the Eagle Public Library continue to be relevant to the community?
19	Libraries are vital to any community, but especially Eagle, where anyone can come and use our facilities and have access to online educational tools that can help them with so many things in their lives. The Eagle Public Library needs to have the opportunity to continue to bring the community together through awesome classes and activities, a larger building would help with this by allowing them to hire more staff so that they can provide amazing service to the guests and still work in a comfortable and safe environment.

23	Continue book sharing with other libraries, expand digital library selection of ebooks and audiobook. Expand kids section. Expand "Three Dimensional Object" Artifact Collection.
24	I would like to see it return to being a much more welcoming and friendly community gathering space as well as a container for materials. I feel so sorry for the staff holding programs outside in the heat and cold. I know we are dealing with a pandemic, but other libraries seem to have handled it better.

32	Continue educational programs for all ages. Continued access to all resources available for check out in the Treasure Valley library system.
33	Keep up the good work!

36	Continued social media presence
37	
38	
39	Make an effort to makes sure the community is really aware of all the digital services, movies, magazines, newspaper etc. that are available to them just because they have a library card.
40	Keeping it the way it is and/or expanding the hours if possible.
41	
42	

43	We wish the reading to dogs program were still running. Other similar programs and volunteer opportunities related to reading (reading to others, teaching children and adults to read, etc.) would be wonderful.
44	
45	Continue to offer services for kids. Mine have grown and left the house but its great to see other families use the services and programs, or have access to them.
46	
47	Eagle is a very conservative town and I talk to friends and neighbors all the time who no longer visit the Eagle Library because it is so woke and does not reflect the values of our citizens. It would be so nice to return to the way the library used to be.
48	
49	Continue to bring in more books.
50	
51	
52	Make it a safe place for kids and families. Offer safe content for children. Quit sneaking in liberal and woke materials. This is not what the citizens and families want.

61	Possibly more Discussion groups, more community classes?
62	
63	Keep it family friendly. Keep it neutral. Stop promoting the lgbqt books. This is an issue for the parents not the library or any government funded institution. This creates division. No one cares about sexual preferences. It's only a minority that's obsessed with sex.
64	
65	Continuing programs for adults and children to further educate and entertain our city members.
66	

67	Offer more classes for adults. Build more meeting rooms to fit larger crowds.
68	
69	Adult programs
70	
71	There used to be a lot more play area for younger children and I miss it. I'm sure it caused a mess but the library was a great place for me to let my young kids play and for me to meet new people also visiting the library with their young children. Also, please keep iPads out of the children's area.
72	
73	
74	Increase promoting non-book materials. Most people I've talked to didn't know the library has cake pans and art supplies available to borrow.
75	I'm impressed to see the selection of games and novelty items (fishing poles, pickleball sets, etc) that are available for distribution - these items represent the needs of the community. However, I struggle to find contemporary reading selections by e-books and continue to utilize the LA County system to fulfill this need (would prefer to support our Eagle Library)
76	Participate in locals events, go to the farmers market. Create a scavenger hunt and when kids win they get a free book. Participate in the local parades and festivities.
77	I said NO to the question about the library meeting the needs of the community because I don't know if it is...I don't see many people in the library (but, I'm not there all the time, so maybe the foot traffic is back up to pre-covid?) This survey is available IF you come into the library and IF you go on the library's website. But, what about all the citizens who do neither? Maybe you have reached out to them (surveys in businesses, speaking at community groups etc.)? I hope so.
78	I think that it will continue to be relevant in it's current state, and that improvements are great.

79	Books!
80	
81

88	
89	Do what you are doing.
90	

91	I think continuing to offer classes for all ages and offering materials like games, education, books, and self interests are what make the library a neat place for all.
92	I would like to see more adult classes, i.e. U.S. History, etc
93	
94	
95	
96	Continue to offer wide selection, hold services, and kids choices.
97	
98	
99	Story time is a wonderful program for kids, please continue!

105	
106	<p>The Eagle Public Library needs to continue to do the amazing work it has been doing. In order to do this they need a bigger facility, so they can provide more items out on the floor to the guests and to have more room in the back for staff as well as additional items. The library needs to continue to provide curbside, doorstep delivery, outreach programs to our schools and assisted living, fun classes for kids, teens and adults. Provide work and study spaces and continue to provide a welcoming place where the community feels they can come and gather and enjoy all that the library has to offer. When we first moved here almost 20 years ago, my kids were young. The first thing I did was look up where the Eagle Public Library was. The library is a comfort zone for many, especially when moving to a new town. It provides not just educational resources, which are awesome, but it allows you to meet other families and you even become friends with the staff, it is a blessing to have!</p>
107	
108	<p>My teenager is looking for places to hang out with other teens that are safe and public. Maybe making the space more inviting for them. Host community events such as a dog costume parade or a talent show?</p>
109	<p>It is so purposeful and useful. I cannot imagine life without a library. Its just a part of life for us. Hopefully you can convince others to feel the same way.</p>
110	Encouraging other groups to use the space for meetings/classes/gatherings.
111	
112	
113	The emails need to contain suggestions for reading materials for all ages. The emails basically only talk about craft classes that are held outside.

114	Solid collection development and programs for all ages.
115	Keeping the same values, visions and expanding inside and outside
116	I believe our Eagle Public Library expands the community's ever changing outlook on life. Thank you.
117	
118	
119	Library Advisory Group
120	Offering the same services and materials for patrons. As Eagle grows, I expect there will be more demand.
121	Have books represent ALL residents. If there are books that may have content that is too "teenage or adult", don't ban them, put them in the teen or adult section. Let parents decide what THEIR children should read not the Idaho Liberty Dogs.
122	Continued outreach and information to the community. Honest and transparent information about what's going on at the library.

181	
182	Continuing to provide and expand both physical and digital offerings. I love the school-readiness items, and my daughter loves being able to check out games in addition to books. I love the concept of providing items for patrons with alternative needs and am excited to see that collection and awareness to it grow.

184	
185	

186	
187	They are perfectly relevant to my community.
188	
189	Remain true to the values of the Eagle community. Family oriented activities that do not reflect political or worldview ideas. i.e. story time for children with volunteers from senior living sources with selections like PD Eastman, Bernstein Bears, Laura Ingall's Wilder etc.
190	
191	Benjamin Franklin had a great idea. You honor his legacy with your expansive and innovative programs. I don't know enough about library developments around the country and around the world. I trust your care and expertise to be informed, choose the best, and adapt them to Eagle.
192	I think you all are doing a great job. We really love our library!
193	
194	
195	Continue to grow with the times.
196	Stay traditional.
197	Provide a great selection of information and material and allow people to access that material without censorship of individual persons or groups that wish to hide, negate or twist the information to suit their professed beliefs. The library should provide materials that inspire, teach, create ideas, reflect correct history of the world we live in, empower the reader to want to think for themselves and become an informed and important part of the crazy world we live in.

198	
199	Keep up the good work you are doing. I think the library is wonderful!
200	
201	I understand that digital tools are important to the modern library patron but there are so many offered that it becomes confusing. I hope that utilization rates among library patrons are analyzed periodically to see if all the digital offerings are a good use of financial resources. For example, I don't understand the difference between Libby & Overdrive, and what is Lynx? And in the e-book collections, the waits are so long I've never been able to get what I'm looking for; I usually get the hard copy faster from another branch!
202	Keep the focus on family and keep current on demographics. If population really changes, library should change with it. Eagle demographics are not the same as Boise.
203	
204	
205	A lot of options of what to borrow. Please don't change that. Please continue the annual book reading challenge but advertise it more. Fun for adults.

214	Carry on as usual. You are doing a wonderful job!
215	Keep doing the outstanding job you do.
216	
217	
218	Continue to provide classes, more social media updates about resources and ideas on how to utilize the library.
219	
220	I am unable to download Kindle books, and I think the selection is very small. I end up using a different library (from out of state) for electronic books. Maybe you can improve on that.
221	More and new activities. Book clubs, authors speaking, talks given by people in the community about local historical subjects, local hiking and walks, gardening and things of other community interest. Events, like a Day of the Dead party, showcasing appropriate book.

222	
223	<p>Continue to foster the appreciation for reading and research, and the opportunity to have a place to go to learn and study.</p> <p>Libraries create a passion for reading and research in ways that schools do not, so libraries will always be relevant as long as children engage in academia. It is a wonderful place for people of all ages to go when they have research projects or anything they want to study.</p>
224	<p>Resist the ongoing efforts of the Idaho Freedom Foundation and like-minded individuals/groups that want to control what is available to the community by trying to prohibit access to materials and programming they personally find objectionable.</p>

ObjectID	Is there anything else you would like to tell us?
19	I appreciate and value the hard work of the Eagle Public Library staff, especially over the last few years. I love coming to the library and feeling like I am part of my community. Especially when we moved here almost 20 years ago, the library was a familiar place to start when moving to a new city. I hope the Eagle Public Library will be around for generations to come.
20	Thank you for all that you do!!
21	
22	I live close to the new Meridian branch under construction. That facility may be a huge draw for we "on the boundary" Eagle residents.
23	Great library and staff. We visit the library 2-3 times a week and everyone is always so nice and helpful. Thank you for all that you do for the community.
24	Thank you for listening. I have little hope of seeing any of my suggestions implemented.
25	
26	
27	
28	A huge thank you for all you.
29	Thank you for all that you do for our community.
30	

31	
32	
33	I think the library of things is so clever, and I always brag to my friends about the cool things we have there 😊
34	
35	
36	You guys rock!
37	
38	My grandkids kids love all of the programs in the summer and after school during the year.
39	The library needs to promote itself like a business. Your logo should be everywhere t-shirts, badges for backpacks, stickers, pencils, folders so the community is reminded of the library all the time.
40	
41	
42	

43	You do a fantastic job! Curbside pick-up was a reading-life-saver during the first 2 years of the pandemic. I love my audiobooks through Libby. It is great to be able to get any book in the Treasure Valley library system sent over to Eagle for pick-up. We loved the summer reading challenge. The library feels like home to us. Thank you!
44	
45	
46	It is an asset to the community and the City should value it appropriately.
47	
48	
49	
50	
51	
52	
53	
54	As we all know, there has been a huge push for transgender programs and similar resource materials. Many libraries are having drag queens tell stories. Pedophilia is becoming more and more mainstream. I feel very strongly that none of the above should be found in the Eagle Public Library!

55	
56	
57	Thank you!
58	
59	more events for elementary and teens
60	
61	I would love a place on the app that would allow a booklist for books I'd like to read in the future, but can't read at the moment because my booklist is too long. :)
62	
63	I use to love to hang out there. It's not the same. I don't like bringing my kids any more because of the inappropriate books you have. I don't like to have to watch them in a place that is supposed to be safe. They need some independence to explore. It does not take much to rob a child's innocence. The last experience, my 12 yo daughter showed me a book that has no business being in the children section of the library. I don't appreciate being told my womanhood is meaningless. (Simply putting based on this particular book-"sex is a funny word") Books need to be inspiring, truthful, imaginative, well written and bring out the best in mankind. I am seeing compromise in these standards. The library mission has been dumbed down and yielded to a wild confused society..
64	
65	
66	

67	I love the Eagle library but since covid it seems very unfriendly and standoffish. World of difference from the Garden City Library.
68	
69	
70	
71	
72	
73	
74	
75	PLEASE - resist the movement to ban books that teenagers need for their development. Books provide a resource for teens to understand themselves and the world around them. Libraries are the safe haven for kids who do not have a place / adult to confide in and should be seen as such.
76	Yes your google link doesn't connect to your website. It keeps giving me an error not sure of others are experiencing this same thing when logging in for their phones.
77	
78	Not much else!

79	curbside pickup is a game changer
80	
81	
82	
83	<p>There are some areas of the library that I feel have been neglected or reduced due to their lack of popularity. Though I can understand why, I think the people who do find interest in those areas can feel a bit displaced themselves, as their interests are un/underrepresented.</p> <p>I'm unsure of the best fix for this, but I wanted to mention it at least.</p>
84	
85	<p>We love our library and all the amazing resources you deliver to our community! Thank you for the summer reading programs - even for us adults! It was fun to get a prize, too. Thank you for all the work and care you put into the EPL! Thank you for being a part of the greater community of libraries and the LYNX system - we heavily leverage making requests from the greater pool of materials! Thank you!</p>

89	No but good job.

92	<p>I don't think the Library should be open on Sundays. I would love to have more books available through Libby. I love having curbside pick up and doorstep delivery! Thank You.</p>

103	
104	I like you.
105	
106	I love the Eagle Public Library and I am so grateful for all the hard work by the Director and his staff. We don't see all the things they do behind the scenes to make sure the library runs like a well oiled machine. The staff is always positive and helpful and the classes are so fun, all of this takes effort and work, and the library staff does an awesome job! Our city has grown so fast, in order for the library to keep up with the growth they need a bigger, remodeled facility so they can continue to provide the latest and greatest in not just books, but games, toys, hobbies and crafts, outdoor and recreational items, the list goes on and on. This will also allow them to hire more staff so that they can share the work load, which will improve retention with staff and less turn over. I hope that we can all get behind the Eagle Public Library and let it continue to be a bright spot for old timers as well as new people moving here.
107	
108	Maybe expanding children and teen classes and offerings. The current ones are usually packed so there seems to be a big interest. Some cities hire local entertainers/educators to drop in for a class. Also parenting support...groups? or events?
109	
110	
111	
112	
113	I would like to see a list of at least five books for each genre in the bookworm challenge. I also would like to have a librarian available other than simply high school students.
114	

115	
116	Thank you. I used to live in the county and didn't have a library card. When I moved to Eagle 13 years, a library card was a top priority for me!
117	When we went to the Library recently, the librarian who helped us was truly wonderful—kind, knowledgeable, easy to talk to, and very capable. It seemed like she was the only person there, however, and she clearly had lots to do. More staff needed.
118	
119	This survey only asks library patrons questions. How do communicate with other community members who have moved here and don't have library cards yet? Need more interface with Friends of the Library
120	
121	Please do NOT allow our Eagle Library cave to a small, but vocal group of book banning citizens. I pay taxes to the library and want books to reflect ALL PEOPLE and not just the "Christian White". Also, thank you for having dehydrators and other useful appliances available.
122	I love our library and the services it provides.
123	
124	
125	Thank you for all you do for our community!
126	pleasant staff make coming enjoyable

127	
128	Our online magazines are extremely good, but a few popular U.S. titles could be added. I enjoy the home and cooking titles. But I really have no complaints.
129	
130	
131	Thanks for the friendly and helpful employees!
132	
133	Thank you!

135	Create a list of suggested materials for the bookworm challenge
136	
137	
138	

139	It seems that the self-check out features which I like could be a deterrent to older patrons.
140	I am alarmed we might be condoning conservative values.
141	
142	
143	
144	Please continue to provide a wide array of materials accessible to all Eagle residents and not succumb to those trying to ban or limit whatever materials we may chose to become more knowledgeable and informed about.
145	
146	
147	I love our library!
148	I think the library is very involved in the community. The staff is super friendly and helpful. I like how it's opened seven days a week . Thanks to all for your hard work and dedication.
149	We're so thankful for the library and its friendly staff!
150	

151	We value and appreciate this library!
152	I would love longer check out times of online books (Libby) 7 days just isn't long enough for some books.
153	I would like how to classes like sewing, knitting, cooking, gardening etc
154	
155	
156	
157	
158	
159	I am so sorry you will have to deal with the new man just appointed to the Library Board
160	I hope the new person appointed to the library board doesn't try to limit what's available to all of us according to his beliefs. If a person doesn't want a certain book or movie, they've only to leave it on the shelf!
161

171	Your survey is biased. It assumes that improvement comes from expansion. Improvement begins with self-assessment, which I'm hoping is the intent of this survey, but you will get biased results from the way these questions are asked. As a taxpayer funded entity, your primary goal needs to be judicious use of funds for a narrow purpose. Access to printed materials of general interest is the primary role of a library, along with being a general public space for people to connect. Reviewing your content for materials that promote moral degeneracy and removing them and/or limiting access to minors is vital to a healthy community. Policies for removing access of inappropriate materials to kids are necessary, including materials from partner libraries. Please consider the needs of the community over the library associations.
172	
173	Thank you!
174	

175	It would be nice if the delivery service was easier to use. We don't even know the process for requesting this anymore.
176	It is the right size and not crowded. More workshops about what is available digitally at the library. Telling patrons "that is on the website " is not the best interaction for all learning styles. Sometimes you have to show people Thanks for asking and listening
177	
178	It would be very helpful for everyone if the turn over rate of employees were reduced. Every time you have to start training a new person it takes a certain amount of time for them to get up to speed (which is normal). Perhaps the City of Eagle's HR department should do exit interviews to see WHY people leave the job. The pay is very attractive but the working conditions are not so much! It's been an ongoing problem and it should be addressed. You might want to start a the top and work your way down.
179	I like that the library has a variety of items that can be loaned and not just books and media.
180	
181	
182	Thank you for everything you all do! Keep up the good work!

201	We love the Eagle library and it is always a joy to be downtown for a library visit. Thank you for providing this service.
202	Thanks for the survey. Should see this at least once a year to take a pulse on the library. Maybe change to see how people are using the library. Result could be shared/ to tell your constituents how the library is making a difference for the city of Eagle. I would support with my taxes more if I thought it was really meeting my and others needs. A Library is important to a community.
203	
204	
205	Thanks to the helpful staff.
206	Please be very public about any meetings or manner that the public can rally in support of you!

210	Thank u. Staff I've met since 2015 have been awesome. Please keep focus on Mtg needs of *current* library users, particularly those of us downtown that respect the lovely staff. Thank u

220	We love the library and use it often. The staff is great and helpful in solving minor issues. Thank you!
221	I love public libraries and have lived in towns where it was a centerpiece of the community with a lot of programs and activities for all ages. They were welcoming and comfortable and a place people wanted to be. Eagle has a beautiful facility, but it feel sterile and cold. It could be revamped to being a hub for the community
222	

223	<p>Barnes and Noble, and other book nook shops are in short supply in the Eagle area. I would love to see more libraries or portables.</p> <p>Another idea is to invite pop-up coffee shops to park outside for people who would like to enjoy coffee tea or cocoa or a pastry while they read their morning paper on the library couch.</p>
224	<p>Thank you for your good work and service to the community.</p>

239	<p>Audrey (age 4) says "best librarians ever!"</p>
240	
241	<p>Why do you not visit the Eagle Public Library? "Unable to deal with the rudeness of patrons and help." (this was the response from an in-person survey).</p> <p>What would need to change in order for you to use the Eagle Public Library?</p> <p>"The Library has been a haven - an escape. Whether to research, read, contemplate, and educate, the lack of forcing a "quiet" policy is blatantly ignoring what a library should represent.</p>
242	<p>Keep up the good work.</p>
243	<p>Building a west branch would take resources from the existing library. If additional money is available purchase more books!</p>
244	
245	
246	<p>We loved the tie-dye, planting, and pirates, rafts, popsicles, chalk (great craft ideas).</p> <p>I wish I could make the craft and chat; some of the teen crafts looked awesome. i wanted to do those as an adult.</p>

247	Share information about kid events at library, please
248	I hope you can expand the current library -- that would be amazing!
249	<p>My family lives in Star and has regularly used the Eagle Library. We have two small daughters who love to read and attend programs. I have noticed since the library reopened after the pandemic that things are not as nice as they were pre-pandemic. Why can't programs be held in the library instead of outside in the heat or cold? Why is the big conference room not being offered to the public? What happened to the comfortable chairs and sofas where we could sit and enjoy reading a book or magazine. The furniture that we have to use now is very uncomfortable. It seems as though we're not welcome in the library any more. It's very sterile looking and the staff is extremely unfriendly (when you can find a staff member). Everyone seems stressed and unhappy. It's not a PUBLIC library any longer; it seems like a book storage facility. I certain hope things will go back to what they were before; but until then, when the Meridian Library on Chinden opens, our family will be using it.</p>
250	
251	<p>Is there an email sign-up to get information about classes for adults?</p> <p>Would love classes that teach adults how to get their own e-books published themselves.</p> <p>Thank you!</p>
252	Please keep the political agendas out of the children's section.

261	More open to outside ideas that reflect the community.
262	Thank you for everything the library provides. It is appreciated. Would love more shady spots in the parking lot. We miss the old kid's chairs in the children's area. the bottoms of these chairs slid more easily and worked better for the kids and kids with special needs.
263	Thx for being there
264	I am not for banning books from the library, but I am for properly shelved books/materials. Having books in sections that are age-appropriate makes my job as a parent easier. The written word can be powerful pornography. I would like to avoid unintentionally subjecting minors to that if I am at the library. Please protect our children!
265	next summer can kid activities be a little earlier so it's not so hot?

269	No

270	
271	I love this library. It is one of my favorite parts living in Eagle. My kids love the books and it has been a bastion of calm amid a sea of worry for as long as we have lived here. You are doing incredibly important work.
272	Please keep providing the reading materials you have
273	
274	I love this library! Thank you making it welcoming.
275	Thank you! We love the library!
276	You are doing a great job!

331	entering the library, a visual focal is lacking. the staff is behind a desk and plastic barriers to the left. Ahead are two pyramid shelves units. Nothing draws one into the library. The colors are blue and grey. No comfortable chairs. desk units are available. Shelving is side apart - fork lift width. The atmosphere is not welcoming. why linger? tends toward a warehouse atmosphere.
